

ClorDiSys

"The Chlorine Dioxide People"

ClorDiSys Solutions would like to announce two workshops in Washington State this August. At both workshops, you will learn about chlorine dioxide gas and its process and benefits. Safety, efficacy, material compatibility and how it can be applied will be discussed, as well as answering any questions that you may have. The workshops are as follows:

Seattle, WA Wednesday, August 18, 2010 9am-2pm	Pullman, WA Thursday, August 19, 2010 12pm-1pm
The Process and Benefits of Chlorine Dioxide Decontamination	The Process and Benefits of Chlorine Dioxide Decontamination
Courtyard Seattle Downtown / Lake Union 925 Westlake Ave North Seattle, WA 98109 Ph: 206-213-0100	Washington State University Pullman, WA (building/room TBA)
Breakfast and Lunch will be provided	Lunch will be provided
